

STUDENT SESSION III. (1)

06.04., 09:00 - 11:00

Fakultetska vijećnica (FAZOS)

	NAME	TITLE
1	Šram Marko	Urgent vitrectomy for a diabetic patient with severe endogenous endophthalmitis- case report
2	Zeljковиć Dunja	From neglect to metastasis: a giant abdominal basal cell carcinoma
3	Gržan Dina	Exploring the Connection Between Bariatric Surgery and Night Blindness – A Case Report on Vitamin A Deficiency
4	Strika Zdeslav	Experience in treating patients with anophthalmia
5	Vicković Dominik	Tissue Defect Treatment: Dermal Substitute and Thiersch Graft in Necrotizing Fasciitis – A Case Report
6	Brajković Tomislav	Transcatheter mitral and tricuspid valve repair – cascade approach in a patient with severe mitral and tricuspid valve regurgitation: a case report
7	Matić Lucija	Urgent penetrating keratoplasty due to bacterial keratitis and corneal perforation
8	Torbarina Patrik	TDAP flap in reconstruction of a severe post-burn contracture of the axillary region - a case report
9	Bošnjak Josip	Interstitial lung disease and respiratory insufficiency caused by antisynthetase syndrome – a case report
10	Maduna Ivanka	Lens dislocation - more than a surgery: a case report
11	Trconić Marija	Use of Double Keystone Flap for Basal Cell Carcinoma in a Patient with Low Ejection Fraction
12	Bura Marissa	A Case Report: Manifestations of systemic sclerosis in a male patient
13	Grbić Lucija	Cardiac allograft vasculopathy: retransplantation as a viable treatment option
14	Šušak Branimir	Forearm perforative flap in a Patient with Rheumatoid Arthritis
15	Kolak Ena	Reversible Loss of Visual Acuity due to Carotid Artery Stenosis
16	Fotez Lucija	Insight into Central Retinal Artery Occlusion: A COVID-19 Perspective
17	Stanec Eva	A patient with Poland syndrome treated with lipofilling
18	Rubeša Andrej	Singapore flap procedure for vaginal reconstruction following radical vulvectomy due to recurrent vulvar squamous cell carcinoma
19	Dobrić Lucija	Optimizing Reconstruction: Hughes Procedure Following Lower Eyelid Basal Cell Carcinoma Resection
20	Solomun Ida	Successful treatment of giant melanocytic nevus using glycosaminoglycan dermal regeneration template and Thiersch mesh-graft technique
21	Bodakoš Karla	Clinical presentation of post traumatic injury due to gunpowder blast - a 40 year follow up
22	Brlas Petar	Minimally invasive surgical treatment for paralytic lagophthalmos: a pioneering modified gold weight insertion procedure

STUDENT SESSION III. (2)

06.04., 09:00 - 11:00

Hall II.48 (GRAFOS)

	NAME	TITLE
1	Tkalec Karlo	Odontogenic atypical skull base osteomyelitis in diabetic male presenting as unilateral headache and blindness – a case of diagnostic adversity
2	Kos Erin	The game-changing role of microwave ablation in metastatic colorectal cancer care
3	Kelava Toni	Restoring Confidence and Appearance: Lipofilling Resolves Post-Oncologic Aesthetic Deformities
4	Ćorić Marija	Diagnostic Dilemma: Leptospirosis Presenting as Immune Thrombocytopenia
5	Khaznadar Farah	Lymphoscintigraphy pitfall: undetected metastatic melanoma in the right axilla and neck region
6	Marić Antonio	Open tenorrhaphy for acute Achilles tendon rupture: a case report
7	Malbašić Anton	Marjolin Ulcers on Petrified Earlobes at Previously Frostbitten Ears
8	Kokić Barbara	Left ventricular hypertrophy caused by hypertrophic cardiomyopathy or essential hypertension
9	Mickovska Kristina	Bilateral delayed two-stage prosthetic breast reconstruction
10	Daničić Maroje	The involvement of plastic surgery in managing Gram-negative sepsis
11	Žanetić Julija	Recurrent fetal supraventricular tachycardia – challenges of monitoring and treatment
12	Divković Dora Rebeka	Presentation and treatment of olfactory esthesioneuroblastoma: A case report
13	Đambić Klara	An uncommon case of deep vein thrombosis in vena subclavia
14	Chiddenton Helen Marie	Breast reconstruction using deep inferior epigastric perforator (DIEP) technique
15	Milinković Zorana	Basal cell carcinoma-is rare localization the same as bad prognosis?
16	Hrestak Filip	Management of pleomorphic liposarcoma of the thigh in a patient with vocal fold paralysis causing anesthesiologic morbidity
17	Pavlović Karla	Scalp reconstruction with DIEP flap
18	Mirić Nebojša	Inherited Epidermolysis Bullosa-Associated Squamous Cell Carcinoma on the leg: when to amputate?
19	Škugor Zvonimir Marko	Case report: Epstein-Barr virus reactivation as a potential trigger of autoimmune hepatitis
20	Klepač Lea	Metastatic pleomorphic liposarcoma of the upper limb – a case report
21	Klobučarić Luka	Case report: A rare case of cystic atypical carcinoid of the lung
22	Knežević Petra	Recurrent ventricular tachycardia with epicardial focus – case report
23	Bukvić Marija	Bilateral retinal detachment as a rare manifestation of syphilis

STUDENT SESSION III. (3)

06.04., 09:00 - 11:00

Hall III.47 (GRAFOS)

	NAME	TITLE
1	Lucić Daniela	Case of narcolepsy misdiagnosed as epilepsy
2	Vujanović Marko	Navigating diagnostic challenges in the treatment of tumor formations – lipoma - liposarcoma
3	Vuković Ante	Recurrence of high-grade sarcoma
4	Kurtović Nikolina	A giant malignant phyllodes tumor: a case report
5	Zec Ivica	Polyarthritis with underlying Castleman disease: a case report
6	Vareško Aurora	Uncommon presentation of systemic lupus erythematosus in 46-year-old patient with newfound mitral regurgitation
7	Miočić Zara	Surgical management of post-fracture osteomyelitis - a case report
8	Pelin Martin	Surgical Management of Squamous Cell Carcinoma of the Tongue: Integrating Radical Procedures and Advanced Reconstruction Techniques
9	Penavić Mihovil	Squamoid eccrine ductal carcinoma of nasal and paranasal region – surgical excision and reconstruction: a case report
10	Pendić Lovro	Secondary breast angiosarcoma in a patient with previous radiotherapy exposure: a case report
11	Stanković Tina	Groin pain due to iliopsoas muscle hematoma as the first manifestation of CML: a case report
12	Stanojlović Tamara	Surgical approach to the treatment of chronic facial wounds
13	Radičević Zlatka	Mixed adenoneuroendocrine carcinoma of the stomach with associated unusual histologic findings
14	Sallabi Adrian	Acute pulmonary edema caused by advanced chronic endocarditis of the unicuspid aortic valve
15	Santini Jakov	Persistent anemia leads to the diagnosis of Heyde's syndrome: a case report
16	Schwarz Karla	Navigating Skin Cancer Challenges: A Case of Basal Cell Carcinoma with Successful Surgical Excision and Reconstruction
17	Šimunović Anđela	Multiple tumors in a patient with chronic lymphocytic leukemia (CLL)
18	Cvitković Lucija	Morgellons disease – myth or real disease?
19	Strgar Juraj	IgG4-related ophthalmic disease in a patient with exophthalmos and swollen eyelids
20	Terzić Petra	A Rectovaginal Fistula and Perianal fistula caused by Perianal abscess: presentation of surgical treatment
21	Tiku Adrijan	„Diamonds are forever“ – Use of bioactive glass (S53P4) in revision tympanomastoidectomy
22	Sutara Nika	Non – Melanoma Skin Cancer in Hematological Patient: Predispositions and Chemotherapeutic Impact on Wound Healing
23	Galjuf Vesna	Cutaneous manifestation of Chron's disease

STUDENT SESSION III. (4)

06.04., 09:00 - 11:00

Hall II.49 (GRAFOS)

	NAME	TITLE
1	Ravlić Luka	Frontal pneumocephalus after head trauma in a traffic accident
2	Jakšić Ozana	Immune-checkpoint inhibitor-mediated endocrinopathies in a patient with squamous cell carcinoma of the lung
3	Pulić Anton	Latissimus dorsi flap for skin tumor with severe anemia and cachexia
4	Matijašević Leo	A case of elevated serum cardiac troponin concentration after a fall, without evidence of Acute Coronary Syndrome (ACS)
5	Paradinović Lea	Abdominal pedicle flap in a thumb reconstruction
6	Paravić Mara	A revolution in burn injury treatment: a Spincare system
7	Miličević Ozana	Delayed onset of hemothorax after rib fracture
8	Piršljin Dominik	Reconstruction of the nasal alar defect with a radial forearm free flap (RFFF) and costal cartilage using 3D technology
9	Turčin Maja	Skin presentation of blastic plasmacytoid dendritic cell neoplasm – rare hematological cancer
10	Katić Ana	Free microvascular flap surgery in polytraumatized patient – anesthesiologists approach and challenges
11	Šekerija Matea	Revealing Acquired Hemophilia: Postoperative Manifestation in a Patient with Autoimmune Disease
12	Šerer Klara	Resection of locally advanced residual basal cell carcinoma of nose and reconstruction after partial nasal amputation
13	Čajo Laura	From Lawn Mowing to Coma: An Unfortunate Sequence of Events
14	Remenar Lorena	Unusual case of a patient with epistaxis as a first symptom of pituitary tumor extending into the nasal cavity
15	Relota Petra	Undifferentiated tumor with epithelioid morphology in young woman with Myelodysplastic syndrome
16	Burić Sara	Anesthesia in plastic surgery - couldn't be easier?
17	Živković Josip	Dynamic and static facial reanimation after facial nerve paralysis
18	Kulaš Marjan	Treatment of patient with a severe dentoskeletal deformity – case report
19	Popović Fran	Drug-induced liver injury (DILI) due to anabolic steroid use
20	Grabarić Gracia	Hypofractionated Gamma Knife Stereotactic Radiosurgery for Optic Chiasm Metastases with Preservation of Chiasm Integrity
21	Grba Ema	A case report of skin-sparing mastectomy with a severe tissue expander complication after adjuvant radiotherapy
22	Kristić Iva	Conservative treatment of third degree burns in patient with diabetes mellitus type 2: case report
23	Vidanec Domagoj	Acquired hemophilia A: a case report
